## Comment text:

**Related subject:** Olton

It is greatly disheartening to see the proposed change for areas within Olton, Richmond Road, Fernhill Road and Scott Road to change into the Lyndon ward boundary. The Olton Councillors have done amazing work for my road and it is not right that in future elections I will not have the opportunity to vote for them. Richmond Road is the heart of olton being directly connected to Olton station and it is only right that the ward reflects this. Please consider allowing the stated roads to remain within Olton.
