Related subject: Solihull Olton/ Lynden Ward proposal

I am not in favour of this proposed change with our area changing from Olton to Lynden Ward. We have lived here for 15 years and are proud to say we live in Olton. This community has an amazing spirit and we do not welcome this proposed change just to score some political points. We want this area to remain where it is and we will fight any decision to change it! We say No!
