Comment text:

Related subject: Bickenhill

I strongly object to the proposed renaming of Bickenhill Ward to "Arden".

"Arden" relates to the ancient forrest which used to cover an area greater than the West and East Midlands combined, and has no local association with the Ward. It is therefore highly inappropriate to use this name and a change is disruptive.

"Bickenhill" continues as a historic village central within the new ward boundaries and there seems to be no reason whatsoever to change it.
