I have recently joined [REDACTED] as a councillor and realised that my Council Tax for the parish goes to fund a local pub called the Onward Club, that is connected to the same building the parish has their meetings, we did not agree to this and have only just been informed of this when attending a recent parish meeting, the council tax we pay isnt going to fixing local problems or funding local programs but going towards keeping a pub running, we would like this investigated as soon as possible as this feels like fraud as they've also raised the parish tax by over 10% ,we'd also like you to look at us being removed from this ward and special exception be done and have us be part of the Fordbridge ward. I know this is a big ask but i find it disgusting that my taxes are doing nothing but funding the running of a pub.
