Related subject: Bebington, Wirral

I believe these changes would make sense for the Bebington ward:

1. Migrating the village of Storeton to the Clatterbridge ward so it sits in the same ward as all the other Wirral rural villages (-190). Storeton is quite different demographically and geographically to the rest of the Bebington ward.
2. The following streets could migrate into Bebington from Rock Ferry if needed to compensate: Hulmewood, Rydal Bank, College Drive, Rocklands Avenue and relevant section of Old Chester Road. 31 + 70 + 123 + 103 + ~30 = ~357. This area feels part of Bebington due to its proximity to the train station and The Oval (Bebington leisure centre).

Thanks
