## Comment text:

West Kirby should not be split in half

Irby is better aligned with Pensby/Heswall (therefore Greasby should be a natural 2-member ward)

Birkenhead Town centre should have its own ward as should Tranmere which is currently split between several wards, The newly formed Birkenhead Town Ward should gain Birkenhead Park from the Claughton Ward including Ashville Road

Noctorum should be its own separate ward

New Ferry is better aligned with Rock Ferry than Bromborough  
Eastham should change to reduce its incursion into Bromborough but should absorb the Brookhurst area.

Thurstaston is better paired with Heswall than West Kirby  
Villages in rural Wirral would be best contained within a single ward - this affects Storeton (Bebington) and Barnston

The Area north of Birkenhead Park as far as St James's Church which is now Bidston ward should become Part of a newly formed Birkenhead Town ward and go the Bidston Ward go down to 2 councillors

The new Birkenhead ward should include Birkenhead Park creating a Birkenhead Town ward that has all the heritage sites in the one ward. This would make it easier to bid for funding and any new status for Birkenhead Town The newly formed Birkenhead ward should have 3 councillors

The Claughton Ward should lose Birkenhead park to the Newley formed Birkenhead Town ward this would include Ashville road
