THE LOCAL GOVERNMENT BOUNDARY COMMISSION FOR ENGLAND BOUNDARY
COMMISSION REVIEW

WIRRAL LABOUR GROUP SUBMISSION – WARD BOUNDARY PROPOSALS

(WIRRAL METROPOLITAN BOROUGH COUNCIL

Council Size

The Wirral Labour Group note and agree with the decision of the Local Government Boundary Commission for England to maintain the size of the Council at 66.

We also note that this review is taking place due to the fact that it has been 20 years since Wirral Council Boundaries have last been reviewed, rather than due to a significant change in demographics.

For this reason, and for the fact that many of our predicted sizes of Wards are predicted to be within the 10% tolerance, we have elected to make smallscale recommended changes to a minimal number of wards.

We also believe the existing wards work well around the existing communities contained within and see no reasons to make any large scale changes.

However we recognise that due to significant planned development within 2 of the wards, we need to consider and suggest changes which we have outlined below.

The map detailed below shows the existing ward boundary lines in Black, and the suggested changes in Pink/red.

Details of proposed Changes.
