Related subject: Macclesfield

CEC is a sham, bring back Macclesfield Borough council and spend our money in our own town, fix the roads, lower the rates for shops in town so we can have more individual shops as opposed to yet more charity and coffee shops ...the town is dying! Abolish the idea of charging for parking after 6pm and on Sundays as that will kill off the only thing this town has going for it ...the treacle market! Let's make Macclesfield good again and stop our hard earned money going to other boroughs
