## Comment text:

**Related subject:** The proposal to have one councillor elected for north Knutsford and two for the rest of Knutsford

I think this is a very sensible proposal. In fact on hearing of the proposal I was surprised to learn that this wasn't how Knutsford was already represented. The new proposal will most certainly better reflect the demographic of the northern area of Knutsford and hopefully have their interests better supported and served on the council. I wholeheartedly support the proposal.
