Comment text:

Related subject: Over Alderley, Prestbury Ward

Firstly, I note that Over Alderley is not even included on your map. We are on the boundary of Prestbury and Macclesfield. Why for the sake of number crunching is there a plan for moving Over Alderley into the Chelford Ward which geographically has no connection with our current Ward and would contain six Parishes. Over Alderley should be retained in the Prestbury Ward as Over Alderley has no historical or geographically allegiances to be contained in the Chelford Ward which would extend as far as Plumley. We would be forgotten as noted on your plan.
