Postcode: [REDACTED]
Organisation Name: (Member of the public)

Comment text:

Councils and government need to do more to cut costs, changing boundaries (and to that extent increasing the boundaries) is the right thing to do. These electoral boundaries don't effect people's daily lives at all, in much the same way councillors don't. Councillors don't do anything to enhance my local community, only seem to make it worse.....so I fail to see even why 96 are needed.
