At the recent Parish Council there were some strong views on boundaries that I am now communicating with you.
There is a very strong feeling that Stoke St Gregory should remain in the same ward as North Curry for the following reasons:
The villages flow from one to another, and the following facilities/service are shared:

Doctors Surgery

Bus Route

Flood Management

Churches (Benefice)

Post Office

Meals on Wheels

Footpath Groups

There are so many strong links between the two villages that it makes no sense to split them in terms of political representation.
