St Cuthbert (Out) PC feel that the data presented indicates no need for divisional changes in Mendip West & Mendip Hills.

The current two Somerset Councillors per division serve the area effectively.

Our relationships with our Unitary Councillors is very positive; both the parish council and residents are well-supported by the Division Councillors in Mendip West & Mendip Hills. Their links with Somerset Council have also meant that they have been sources of information and answers where otherwise contacting Somerset Council for specific issues has been cumbersome. The nature of the parish of St Cuthbert (Out) presents unique geographic and demographic challenge also supports this demand for the number of unitary councillors remaining the same.

The Parish Council request clarity on the source of electorate figures for 2023 and 2030. Both projected declines and projected increases require explanation.
