Comment text:

Related subject: Tinkers Bridge

I am opposed to the proposal to include the estate where I live, Tinkers Bridge, in the new Ouzel Valley Ward. I feel that the use of the V9 Marlborough Street as a boundary is not one that makes any sense to local people, who rely much more on the natural boundary of the Grand Union Canal.

Tinkers Bridge has been part of the Woughton Ward for many years. It is demographically similar to the other estates in Woughton and very different from those in the proposed new ward. There is a strong feeling locally that, in the Ouzel Valley Ward, the needs of a deprived area such as ours would be marginalised.
