Related subject: New ward of Ouzel Valley

As a resident of Tinkers Bridge Estate, I do not support the estate being separated at ward boundary level from the rest of Woughton. The natural links are with Woughton, with the canal forming a good boundary. The choice of the V8 as a boundary makes no sense to me as a bus user - I use stops on both sides of that road and expect the same administration on both sides of the road. The economic profile of our estate matches the Woughton area far better than that of the Ouzel Valley
