I am against the proposal to move Bradville and Oakridge Park from the Milton Keynes Council Stantonbury Ward to Hanslope Ward. The dynamic's of the proposed ward is very different from the current Stantonbury and Great Linford Ward. This in my opinion would not be beneficial to the residents of Bradville where I live and the area would loose a councillor - this seems to me a move by the political parties to enhance their voting power. Please do not allow this proposal to go ahead - the Bradville residents would be seen as the 'poor relations' and not get their views adequately acted upon.
