I wish to submit my further comments with regard to your revised proposals for Trimdon Ward.

Whilst I appreciate that you have a difficult task I am afraid that I feel that you have misdirected yourself in the process that you have followed at this stage.

For the avoidance of doubt I would like to make clear that I supported your original proposal for a Brookfield and Trimdon Ward. This was my suggestion at the first stage of consultation. When you recommended the creation of a Brookfield and Trimdon Ward I wrote to say that I was broadly supportive of the proposal but I was also concerned about the way the boundary along Saphwood Beck had been drawn. However, in your latest report you do not refer to either of my expressions of support - you seem to have merely considered the most recent objections.

Can I suggest that people who wrote to you at the first stage - and whose suggestions were adopted initially - did not consider it necessary to write to you again when their wishes appeared to have been fulfilled? Also, there is every likelihood that the many people who wrote after your first set of proposals in connection with the Saphwood Beck and Newfield Crescent were, like me, happy with the proposal and just wished to tidy up the boundaries.

Although I have not been able to find the submission by Trimdon Ward Community Council I believe that this was probably the basis on which they also reacted.

I look forward to receiving your comments.
