Comment text:

Related subject: Review on the numbers of Cllr's

I write this as the Chairman for East Drayton Parish Council. I'm responding to this invite with genuine distress with your proposal to reduce the essential support function that we have. I'm particularly referring to DCllr Griffin.

DCllr Griffin is a regular attendee of our PC meetings and plays an active part in all our conversations and always offers proactive support with challenges we have. DCllr Griffin often offers to help resolve situations that would, under normal circumstances require intervention from BDC directly.

I consider that East Drayton PC is a council that is "self supporting" and we are able to "look after ourselves". We are able to do this as we consider DCllr Griffin as our first point of contact if we need help.

I would urge you not to consider removing DCllr Griffin as this will we have a devastating affect on our PC.
