Related subject: Cradley Heath, Old Hill, Blackheath

I support the Halesowen Conservative Association's proposals for a new Cradley Heath ward incorporating all of the town. I live on the outskirts of Cradley Heath, not far from the boundary with Dudley Borough, and agree that the Cradley Heath area takes in more than what is currently included in the ward, including the area around Station Road and Waterfall Lane, currently in the Blackheath ward.

To have two wards where all of Cradley Heath sits in one ward and all of Old Hill and Blackheath sits in another ward is the most sensible outcome. This will end the splitting of these two towns across multiple different wards with different Councillors.

I ask that you implement your draft proposals for the Rowley Regis area in full. Thank you.
