Comment text:

Related subject: Orton & Tebay

Both Orton & Tebay Parish Councils consider that there should be a single member ward for Orton, Tebay and surrounding villages rather than a two member ward that also includes Sedbergh. Residents in Orton and Tebay consider that the two villages have strong links with each other but not with Sedbergh. They also consider that the proposed two member ward is too large. I agree with the parish councils and think that having two single member wards would be preferable from every point of view.
