I am writing to add comment on the boundary commission proposals for the North Richmondshire Division and also for Brompton & Scorton.

North Richmondshire:

I would like to offer my support to the proposed division, being recommended by the Boundary Commission, on the basis that it is a pragmatic solution that all too well reflects the keen links between Richmond and nearby villages to the North.

I did note the North Yorkshire Council are submitting plans to move Stapleton & Cleasby in to North Richmondshire. I do not feel this is necessary as Stapleton is so close to the to Darlington border it feels much more similar to the villages of Croft on Tees and Dalton on Tees who, like Stapleton, turn to Darlington for key services.

I would also note it is not accurate to say that Stapleton can not be reached without leaving the division. As the map (attached shows) there are several locally used lanes and roads that connect Croft on Tees to Stapleton in just ten minutes. I also would be concerned that adding any extra Parishes in to North Richmondshire would take the numbers over the 10% above average threshold.

Brompton & Scorton

One minor change suggested - the name Brompton on Swale & Scorton would be a more accurate name and would avoid confusion with the Brompton near Northallerton.
