## Comment text:

**Related subject:** Sedbergh-Dent-Garsdale

The current draft recommendation has two councillors for an area from Dent to Orton to the outskirts of Kendal. A suggestion in the report is whether it would be better to divide the area and have one representative for the Sedbergh/Dent/Garsdale area. I would strongly recommend the latter for more direct, local representation. The larger proposed area could result in two councillors without close connection to the issues and people of the local area.
