**Organisation Name:** N/a (Member of the public)

## Comment text:

**Related subject:** Hesketh

Where I live is served by schools in Cumberland that really doesn't fit into living in Westmorland especially if you have a child with special needs. Services provided to the school all come out of Cumberland and all events are held there too. It's like we only get part of a service from our council. We had a terrible time. We are so close to the border we seem to be forgotten.
