

Wirral

Personal Details:

Name: Mrs Lesley Rennie

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Wirral Council (District or county councillor)

Comment text:

Related subject: Entire council area

My thanks to the Boundary Commission for their considered proposals for Wirral. I concur with the Commission's view that the population of Wirral is effectively represented by 66 councillors, 3 per ward across 22 wards. I agree with the proposals put forward to rename three wards as these new names, in my opinion, do make clearer to all the communities contained within. I can see that the Commission has worked hard across the Borough to achieve electoral equality across the piece, I particularly welcome the movement of the Bromborough / Clatterbridge boundary to join up the Spital community around the focal points of Spital station, the Poulton Lancelyn shops and the Three Stags Public House. As someone who lives in the neighbouring Bebington ward, I am very familiar with this area and my local knowledge informs my support of the Commission's decision to reunite this artificially divided community.
