Comment text:

Related subject: Greasby

All of the new homes built in in the last couple of years to the south of Upton Saisbury's are currently part of Greasby. Houses along Smithy Brook Drive and Athol Duncan drive and all the smaller roads connected to them are more connected to Upton rather than Greasby. Apart from Whitelands Meadow and the small roads which connect to it all houses to the east of Arrowe Brook would be better off in Upton.
