## Comment text:

My comments are as follows

The Boundary Commissions recommendations supports my view that electoral equality must be maintained across the Borough.

That the residents are effectively represented by having 66 councillors across the 22 wards in the Borough.

That the proposed name changes for Upton, Liscard & Claughton, with Upton becoming Upton & Woodchurch , Liscard becoming Liscard & Egremont and Claughton becoming Claughton & Noctorum should be supported as these identify the Ward better and the communities that make up that Ward

The Boundary Commissions has failed to make changes with regard to Hoylake & Meols Ward and the West Kirby & Thurstaston Ward due to Hoylake & Meols Ward contains a large part of West Kirby yet the community is not mentioned within the ward name. Yet West Kirby & Thurstaston Ward contains only the southern part of West Kirby.

The boundary between Bromborough and Clatterbridge Wards from the railway line to Bromborough Road and Dibbinsdale Brook is to be supported as this does unity the current split Spital community. This would lead to better Transport links, as well as accessing shops etc.

John Bebell
