Comment text:

Dear Sirs,

In response to your latest consultation and proposals, I can see no sound reason or logic for changing the number of Town Councillors for Skipton from a council of sixteen with the existing four wards providing four councillors each. I strongly object and reject your proposal to reduce the South ward from four to two councillors and giving those two councillors to Skipton West increasing that wards representation from four to six.

I am aware that County Councillor Andy Solloway fully agrees with the comments above. As does everyone I have spoken to on this subject.

Best wishes,
Robert G Heseltine

Member of North Yorkshire Council & Skipton Town Council
