Comment text:

Related subject: Nidderdale

I object strongly to the idea that the valley of Nidderdale will be divided into two . Geographically it doesn't make any sense at all and would divide a very close knit community.

While I understand that you may need to group different places together , for administrative reasons , that is very different from dividing existing communities in two.

It also makes no sense to unite certain small villages with others which are many miles away and in a different valley and / or community.
