I believe the new administrative will work well, city of york opting out of this regional governing system is simply a duplication of processes decision making representation , financially for the public purse it makes little to no sense allowing coyc to operate independently. Given the abject dismal record of incompetence within coyc, the mp for york central ineffective and inactive throughout the mismanagement of public funds , i appeal to leadership of this organisation to petition Westminster to remove coyc place its entire operational responsibilities under a regional body still delivering and improving public services
