Organisation Name: Acaster Malbis Community Events (Member of the public)

Comment text:

Related subject: Acaster Malbis and surrounding area

I write in my capacity as a director of the charitable organisation Acaster Malbis Community Events, and member of the central organising team for the annual Acaster Malbis May Village Festival, which is the main event we organise each year. This festival aims to bring together the communities of Acaster Malbis plus the neighbouring villages of Bishopthorpe and Copmanthorpe. This is a significant event which takes a great deal of time and input from the central team plus other volunteers. This necessitates liaising with our local Councillor, who has always been very helpful and given assistance whenever possible. If the ward boundaries were to be changed such that we had to deal with two Councillors rather than one, this would significantly complicate matters to the detriment of the festival and our charitable organisation.

We therefore wish for the ward boundary to remain as it currently is.
