Related subject: Bishopthorpe/Acaster Malbis

I am writing in support of maintaining the status quos with Acaster Malbis and Bishopthorpe being represented by one councillor. As a resident of Acaster, I feel that, for my family, much of our daily lives is related to Bishopthorpe (especially in terms of the infant and junior school) which Acastrians attend in Bishopthorpe. We also share concerns regarding flooding, the Ouse and environmental factors.

I feel there is more common ground with Bishopthorpe than, say Copmanthorpe or Woodthorpe. It would also avoid the financial costs of a change.
