Comment text:

Related subject: Bishopthorpe

The current boundary which includes Bishopthorpe and Acaster Malbis works well. We are two closely linked villages, with similar needs. The numbers of voters to one councillor seem, from the tables provided, to be about right.

Thoughts on potential alternatives:

- We should not be blended with more central areas of York, who have totally different issues.
- The river Ouse precludes including eg Naburn.
- Copmanthorpe is a much larger village on its own.
