Good Afternoon

I am very disappointed as a resident of Cumberland who made a lengthy response to the changes in boundary area for Waverton Parish to stay within Wigton area. There has been no acknowledgement or changes to the proposed electoral boundary for the Wigton/Waverton area. Waverton has no affiliation to Aspatria and will become isolated and excluded from the democratic process.

As explained previously residents from Waverton are part of the Wigton community and due to the historic burial board arrangement (Wigton, Woodside and Waverton) have the delegated power to run Wigton cemetery. Thursby doesn't sit with Wigton and could be moved to the Dalston/Carlisle area.

Please can you review as part of the current ongoing consultation and please stop drawing lines on a map that are so arbitrary.

Yours sincerely
