## Comment text:

**Related subject:** Appleton- SAB and SAC

Two of the Appleton Polling districts seem (SAB and SAC) seem quite large, compared to other similar residential areas in other parts of the town. Please could consideration be given to splitting these two areas into three areas?

There are slightly different demographics on the Cobbs estate / Dale Lane compared to the rest of Appleton but the needs of these voters are possibly getting lost by being combined with the other more affluent parts of Appleton.
