## Comment text:

Hello. I live in Culcheth, in north east Warrington. I would actually prefer it if Culcheth was absorbed into Salford City Council which is one of our neighbouring authorities in this corner of Warrington. Culcheth borders Irlam to the east.  
My reason for this is that my eldest started college at MediaCity in Salford Quays last September. I believe that being part of Salford, in turn part of Greater Manchester Combined Authority, would enable us to have access to better transport links throughout the area and would therefore mean better options for my son getting to and from college.  
Many thanks.
