Related subject: Bewsey and Whitecross

Bewsey and Whitecross stretches from the North to the south of Warrington, covering a large area with diverse needs. I suggest a new ward south of Bank Quay is created that supports the local needs of this community. There are a few shops and people are dependant on the bus networks to get them to schools, doctors and shops in other wards. We also do not have dentists or basic facilities and need councillors who will represent the needs of this ward, especially as we head towards devolution.
