Related subject: Parish councils

Why do we still have parish councils in this day and age? They cost tax payers in area a lot of money for little or no return. We can't afford to have that extra level of bureaucracy when the main council is in so much debt surely monies should be diverted to the main council for necessary services for the whole Borough and staff employed including vehicles etc should be transferred to work under the main council. All they seem to do is pick up litter or empty some bins and only in certain areas not on the main highways making lots of excuses for not doing it even though the volunteers of litter pickers do it. We pay the highest council tax in the whole of Warrington because of Birchwood Town Council for no return.
