Postcode: [REDACTED]

Organisation Name: Rixton with Glazebrook Parish Council (Representative of parish/town council)

Comment text:

Related subject: Ward Councillor Represnation

Rixton with Glazebrook (Parish Council area) is part of the Woolston and Rixton ward. Currently served by 3 councillors. The vast majority of residents live in Woolston. The villages of Hollins Green and Glazebrook are separated from Woolston by several miles, of mainly greenbelt/farming land. The communities are very different to Woolston. Currently, many of our residents do not feel connected to Warrington Borough Council, and there is a feeling that we are forgotten as on the very edge of the town, much closer to an another local authority. As of such, most of Warrington's town centre amenities are not close, or used. Our pariosh area of Rixton with Glazebrook has been targeted in Warrington's Local Plan and is there are over 110 new housed currently being built.

The Parish Council feels that a council member for Rixton would be beneficial to represent our residents, current and future. The suggestion would be for Woolston to have 2 and Rixton 1, or 3 in Woolston, and 1 new member in Rixton
