The Parish Council voted at the February Full Council meeting to support a ward boundary change in Lymm. Lymm currently has two wards - Lymm South and Lymm North & Thelwall. The suggested change is to remove Thelwall from the Lymm north ward, adding it instead to Grappenhall. The M6 Thelwall viaduct separates Lymm from Thelwall, a very obvious boundary between the 2 areas. Each has their own parish councils, events, village halls and schools. The separation of them would make a lot of sense locally. From the maps attached, you will see that Thelwall is closer to Grappenhall, and the M6 splits directly between Thelwall and Lymm.
