Related subject: Dringhouses & Woodthorpe ward

I do not support the proposals in relation to the changes to current Dringhouses & Woodthorpe ward. I will not repeat the arguments set out in the York Lib Dem submission, but I do want to query the use of the word 'Westhorpe' in the name of the proposed ward. There is a street called West Thorpe on which West Thorpe Methodist Church is located but 'Westhorpe' is not a name I have ever heard anyone use when referring to the place where they live.

Residents in the North Lane / Thanet Road / Eason View / West Thorpe / Chaloners Road / Wains Road area live in Dringhouses. There are noticeboards dotted around the area which confirm this (photo attached). I have had a number of calls from residents asking if the proposed new boundaries, under which Dringhouses ward would cover only the Tadcaster Road area, mean they can no longer use 'Dringhouses' in their address. This highlights the interconnections between the communities which make up the current Dringhouses & Woodthorpe ward, and the issues caused by the proposals issued for review.
