

NORTH SOMERSET

September 2026

NEW ELECTORAL ARRANGEMENTS

Currently there are:

- 50 councillors
- 35 wards
- 15 two-councillor and 20 one-councillor wards

179 residents and organisations
helped shape our recommendations

We aim to make sure North
Somerset councillors represent a
similar number of electors

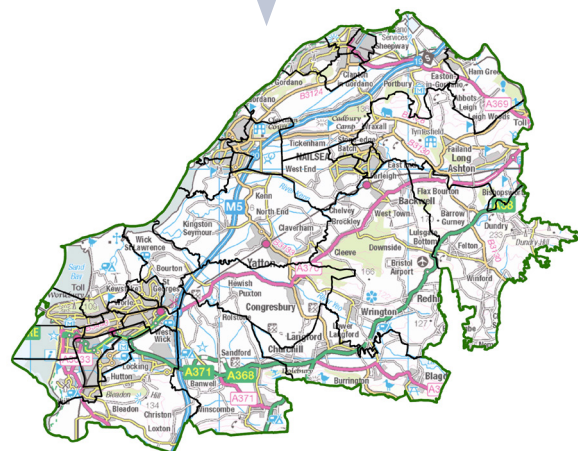

Currently there are:

- Four wards that are more than 10% away from the average number of electors per ward
- No wards that are more than 30% away from the average

From elections in 2027:

- 51 councillors
- 33 wards
- 1 three-councillor, 16 two-councillor and 16 one-councillor wards

North Somerset will move towards:

- Two wards being more than 10% away from the average number of electors per ward
- Each councillor representing an average of 3,594 electors
