Comment text:

LOCAL GOVERNMENT BOUNDARY COMMISSION. DARLINGTON WARD BOUNDARIES

Haughton and Whinfield Ward.

Whinfield Residents Association broadly support the proposals put forward in the Local Government Boundary Commission review for Darlington with some reservations.

We would question whether or not the draft recommendations have considered the proposed 850 planning application for land at Great Burdon.

This housing allocation is not included as part of the Skerningham development as it was allocated as employment land, however the owners have submitted a planning application which, if successful would significantly increase the number of electors per councillor.

The impact on existing community groups which now will either have to serve differing wards, or much bigger wards should also be taken into consideration.

Kind regards
