Further to my earlier submission - 1168496 - I am gratified that you found my 'scheme' so valuable. However my reference to 'the ribbon development in polling district COC' was vaguely worded and not intended to include Boyes Hill Grove, Woodland Terrace, Barlow Street and Pierremont Crescent. As you flagged up in para 142 I am sure that the residents feel College based rather than Mowden and I would like to submit that comment to your draft proposals. With that exception I am not surprisingly in agreement with your proposals for the west end area.
