Related subject: north road

wouldn't it make more sense to use the b6279 as the boundary and have the streets of upper Russel street and borough road (and around) (which formally were part of park east ward) join the proposed redhall albert hill and hundens ward instead of north road (i have attached a picture of the area with a green line everything under this green line (which is basically the B6279 road) should really go in the new redhall ward and not the new north road ward in my opinion everything above should go in the north road
