Related subject: Mowden

Hi

I am a resident of Mowden and have recently been informed that boundary changes are proposed for the Mowden ward.

I understand that there is a proposal for Pierremont Ward to be included within Mowden Ward. I really think that Pierremont should be left as it is purely because it has its own community and obviously named Pierremont with its own identity. Victorian houses, on street parking and I should imagine most children going to Abbey school from this ward, local residents should have their own Pierremont ward and community.

Mowden Ward would be far too big, we need our own community it is bad enough trying to keep the local residents up to speed with various issues that arise.

Why are Cardinal Gardens, Clare Avenue etc not included in Mowden Ward, after all those areas lie much more local to Mowden than Pierremont Ward? It seems as if all areas are going to be jumbled up instead of a more sensible boundary.

I hope my comments on this matter are taken into consideration.

Regards
