Comment text:

It is stupid that Haughton and Springfield are going to have to change there council boundaries.

Haughton is connected to the Springfield area more than it is to the Whinfield area. Haughton is more than just the Haughton Village. It goes right up Salters Road South, past The Education Village that has Haughton Academy and Springfield Academy, (Not Whinfield Academy), upto the Springfield pub.

The local community which to keep the Haughton and Springfield Council boundaries as they are. I live in Springfield and believe I am connected more to Haughton than I am Whinfield. Both of my children went to Springfield Academy and Haughton Academy.

Our three Councillors do a great job. Please leave this boundary as it is.
