Comment text:

We have lived in community since 2001 and have got to know local councillors in area and street we live in has history with the church having had the old school on the land before. We have always been part of Haughton community and we don't want that to change. We are all part of Haughton village and over the years have used the church the nursery etc. so we believe moving the ward to Springfield would not be the right thing to do. We are to close the Haughton to not be part of that ward.
