I am a new comer to the area 10years, I live in part of Haughton that is proposed to become Springfield. Welbeck Avenue, Fryer Crescent are an integral part of Haughton Village, Not Springfield. Fryer's Field was covenanted to the people of Haughton in 1930, (not Springfield) seven years before the "Corporation" took charge, The area does not have any physical link with Springfield, Salters Lane being a natural boundary. We take part in village actives. and feel part of the Haughton Community. WE ARE. WE THINK WE ARE AND FEEL WE ARE Haughton Village.
