Comment text:

Related subject: North Road

I am a resident living in the area off Fitzwilliam Drive and am pleased to see that we are to remain in North Road ward under the new proposals. My child attends Northwood School which is to stay in the new ward and it makes sense for the railway line, which runs behind my house, to be one of the barriers for the new ward too. It also makes sense for both sides of North Road to be in this new ward as this is the main road into town and out to the motorway so we use it frequently.
