Related subject: Moor Lane in Dringhouses

I absolutley opposed parts of Dringhouses been absorbed by woodthorpe, acoma by Westfield. My house is one of the oldest houses in dringhouses that can be traced back to maps in the early 1800s. I do not understand nor support an new ward for woodthorpe westhorpe and acomb. My house is and always has been since the 180os part of dringhouses and I see nothing to justify a giant ward for woodthorpe acomb and Westfield and small separate dringhouses ward.
